

ANNUAL REPORT

2014 / 2015

**NORTHERN TERRITORY OF AUSTRALIA
NORTHERN TERRITORY ARCHITECTS BOARD**

ANNUAL REPORT 2014 / 2015

INTRODUCTION/STATUTORY BASIS

The Northern Territory Architects Board is a Statutory Board established under section 5 of the Northern Territory *Architects Act*. It is responsible for the registration of architects and regulation of architectural practices within the Northern Territory and for administering the requirements of the Act. Like all similar Acts applied throughout Australia, its purpose is to ensure the general community can rely on the fact that people using the title “architect” are qualified, both academically and by practical experience, to fulfil their professional role. Administrative support has been provided to the Board by the Department of Lands, Planning and the Environment, following changes to Administrative Orders in December 2014 this responsibility was transferred to the Department of Business.

BOARD COMPOSITION

The Board consists of five members, each appointed by the Minister for a term of three years. All must be resident in the Northern Territory; three members must be architects and at least one of these members must be a practising architect nominated by those members of the Australian Institute of Architects who practise and reside in the Territory. Two members are not architects. The positions of the Chairman and Deputy Chairman are determined by the appointed members. Members are remunerated in accordance with the *Assembly Members and Statutory Officers (Remuneration and Other Entitlements) Act*.

As reported in the Annual Report for the 2013 / 2014 year, on his relocation interstate, non-architect Board member Bertram Birk, tendered his resignation in February 2014 to the then Minister. Mr Birk’s term was due to expire on 15 October 2014. The *Architects Act* provides for the Minister to appoint a member to fill the vacancy for the unexpired portion of the term of office. Mr Birk’s position remained vacant until 24 June 2015.

Ms Lyn Bennett, non-architect member, was reappointed to the Board for a further term on 3 December 2014.

Terms of appointment of the three architect members expired on 22 April 2015. The three architect and one non-architect vacant positions were filled on 24 June 2015, with the appointment of new members, architect David Bridgman and non-architect Colin Beard and the reappointment of architects Robert Cova and Ross Finocchiaro. On the reappointment of Ross Finocchiaro his 20 years of service on the Board, the last 12 as Chairman were acknowledged.

Of further note is the retirement of outgoing Deputy Chairman, Richard Layton following 12 years' service as Deputy Chairman. Mr Layton's contribution as a member and an Architects Accreditation Council of Australia (AACA) approved examiner is acknowledged. In particular his being based both in Alice Springs as well as Darwin has been invaluable allowing the Board to offer Architectural Practice Examinations in Alice Springs to those candidates located in Central Australia.

CURRENT MEMBERSHIP

ARCHITECTS

Ross Finocchiaro
David Bridgman (nominee of AIA)
Robert Cova

NON ARCHITECTS

Lyn Bennett
Colin Beard

MEETINGS OF THE BOARD

The Board meets in Darwin to attend to such matters as applications for registration (lodged under either the *Architects Act* or *Mutual Recognition (Northern Territory) Act*), architectural practice examinations, and various other matters relating to the regulation of architectural practice. The Board also considers urgent matters including applications lodged under the mutual recognition provisions out of session; these decisions are then endorsed at the next Board meeting. Due to a gap in membership following the expiration of member's terms, the Board met on five occasions during the 2014 / 2015 financial year.

QUALIFICATIONS FOR REGISTRATION

The Northern Territory *Architects Act* provides for the registration of individual architects, architectural partnerships and architectural companies. The Act requires the Board to authorise the registration of a natural person as an architect if the person satisfies the Board that he or she holds, or is entitled to hold, a certificate from the

Architects Accreditation Council of Australia which certifies that the person is suitably qualified to practise architecture and that he or she is a fit and proper person to be registered as an architect. The Act requires that a director or an employee of the company, who is a registered architect, is responsible for managing the architectural practice of the partnership/company in the Territory and supervising the provision of architectural services provided. The Act also requires a company constitution to contain provisions to notify the Board of an intention to amend its constitution; and that a body corporate shall not be eligible to be a director of the company. The Board considers the second requirement to amend the constitution to be obsolete and has listed this together with other recommendations for amendment to the current legislation.

Alternative pathways for the registration of individual architects are provided by the *Mutual Recognition Act*, and the *Trans-Tasman Mutual Recognition Act* which facilitate freedom of movement of architects across Australian States and Territories and between Australia and New Zealand. A registrant who is in good standing in one jurisdiction may lodge a notice (in the form of a statutory declaration) requesting a second jurisdiction to “mutually recognise” his/her registration in the first jurisdiction.

ARCHITECTS REGISTER – REGISTRATION STATISTICS

During 2014 / 2015 the Board considered applications and authorised the registration of 4 individual architects made under the *Architects Act* and 17 made under the provisions of the *Mutual Recognition Act*. Five companies lodged applications for registration; 3 were approved and registered; one was deferred pending receipt of amendment to its constitution to make it compliant with an obsolete requirement of the *Architects Act*, the other, while approved as of 30 June, had not completed payment to enable registration to take place. A sixth incomplete application lodged in 2014 / 2015 was withdrawn before being approved.

As at 30 June 2015, two hundred individual architects, twenty nine architectural companies and one partnership were registered in the Northern Territory. Approximately 30 percent of the architects registered reside in the Territory, the balance of registrants reside interstate or overseas, but maintain registration in the Northern Territory for business reasons.

REGISTRAR

The Registrar provides administrative and research support to the Board and manages the Board's day-to-day activities including organising Board meetings and examinations, maintaining the register and communicating with registrants, prospective candidates for the architectural practice examination, other State/Territory Boards, the Architects Accreditation Council of Australia (AACA) and the Australian Institute of Architects. The Registrar has been available to the Board in a very limited capacity this year due to demands imposed on her time by a second Board and its clients.

RESTRICTION ON USE OF EXPRESSION "ARCHITECT"

Under the provisions of the *Architects Act*, use of the title "architect" and/or any description indicating that the practice of architecture is carried out in the Northern Territory, is restricted to those individuals, companies and partnerships registered in the Territory. This requirement for registration ensures that members of the public using the services of an architect have access to practitioners with the appropriate level of qualifications and experience. Persons who have academic qualifications may practise their profession, but are not permitted to use the title unless formally registered. The Board monitors the restricted use of the title "architect".

The Board has cause from time to time to remind entities such as the NT News and Real Estate Agents to use care when using the title.

ARCHITECTS ACCREDITATION COUNCIL OF AUSTRALIA (AACA)

The Architects Accreditation Council of Australia (AACA) is the national organisation responsible for establishing, coordinating and advocating national standards for architects in Australia and for reciprocity arrangements with overseas authorities. AACA is comprised of nominees, being the Chair and Registrar, from all State and Territory Architects' Registration Boards in Australia.

The 2014 AGM and forum were held in Adelaide in late September with the NT being represented by the Deputy Chairman Richard Layton, as the Chairman and Registrar were unable to attend.

ARCHITECTURAL PRACTICE EXAMS

Successful completion of a three part Architectural Practice Examination forms one of the criteria for registration as an architect Australia-wide. The examinations are offered twice each year under the supervision of the Architects Accreditation Council of Australia (AACA). In the Territory, exams are offered in both Alice Springs and Darwin and are conducted by experienced local architects nominated by the Board and approved by AACA. Five applicants applied to sit examinations in 2014 / 2015.

FINANCIAL MATTERS

Previously the Department of Lands, Planning and the Environment administered the Board's budget and finances and the financial statement forms a part of the Department's report. This function has now transferred to the Department of Business. Income is derived from annual renewal of registration and application fees. All income received is paid into consolidated revenue in accordance with section 36 of the *Architects Act*. Examination fees are collected on behalf of AACA, part of the fee is required to be remitted to AACA, a portion should be paid to examiners and the balance remains in consolidated revenue. Expenditure on Board business reflects a portion of the costs for the Board Chairman and Registrar to travel and attend the AACA Annual General Meeting as currently AACA fully reimburse both air fares, accommodation and a major proportion of meal costs.

LEGISLATIVE MATTERS

The Board has maintained for some years that the *Architects Act* is overdue for review and amendment to bring it in line with current business practices and to correct anomalies with timelines for renewal and the publication of the Register, which result in this occurring prior to the removal of non-financial architects. The Board has for some time reiterated it would welcome the opportunity to provide input into a review and has a list of proposed amendments to assist this process.

CURRENT REGISTRATIONS

As required by the Act, a list of each registered architect as at the end of February was published in Gazette No. R1 on 23 April 2015. A copy of the published schedule is attached.
