

Northern Territory Architects Board

ANNUAL REPORT

2015 / 2016

**NORTHERN TERRITORY OF AUSTRALIA
NORTHERN TERRITORY ARCHITECTS BOARD
ANNUAL REPORT 2015 / 2016**

INTRODUCTION/STATUTORY BASIS

The Northern Territory Architects Board is a Statutory Board established under section 5 of the Northern Territory *Architects Act*. It is responsible for the registration of architects and regulation of architectural practices within the Northern Territory and for administering the requirements of the Act. Like all similar Acts applied throughout Australia, its purpose is to ensure the general community can rely on the fact that people using the title “architect” are qualified, both academically and by practical experience, to fulfil their professional role. Architecture is a profession, a distinction lost in the administrative support provided to the Board by the Department of Business.

BOARD COMPOSITION

The Board consists of five members, each appointed by the Minister for a term of three years. All must be resident in the Northern Territory; three members must be architects and at least one of these members must be a practising architect nominated by those members of the Australian Institute of Architects who practise and reside in the Territory. Two members are not architects. The positions of the Chairman and Deputy Chairman are determined by the appointed members. Members are remunerated in accordance with the *Assembly Members and Statutory Officers (Remuneration and Other Entitlements) Act*.

CURRENT MEMBERSHIP

ARCHITECTS

Ross Finocchiaro
David Bridgman (nominee of AIA)
Robert Cova

NON ARCHITECTS

Lyn Bennett
Colin Beard

.....
Chairman

MEETINGS OF THE BOARD

The Board meets in Darwin to attend to such matters as applications for registration (lodged under either the *Architects Act* or *Mutual Recognition (Northern Territory) Act*), architectural practice examinations, and various other matters relating to the regulation of architectural practice. The Board also considers urgent matters including applications lodged under the mutual recognition provisions out of session; these decisions are then endorsed at the next Board meeting. The Board met on six occasions during the 2015 / 2016 financial year.

QUALIFICATIONS FOR REGISTRATION

The Northern Territory *Architects Act* provides for the registration of individual architects, architectural partnerships and architectural companies. The Act requires the Board to authorise the registration of a natural person as an architect if the person satisfies the Board that he or she holds, or is entitled to hold, a certificate from the Architects Accreditation Council of Australia which certifies that the person is suitably qualified to practise architecture and that he or she is a fit and proper person to be registered as an architect. The Act requires that a director or an employee of the company, who is a registered architect, is responsible for managing the architectural practice of the partnership/company in the Territory and supervising the provision of architectural services provided. The Act also requires a company constitution to contain provisions to notify the Board of an intention to amend its constitution; and that a body corporate shall not be eligible to be a director of the company. The Board considers the second requirement to amend the constitution to be obsolete and has for some years, requested appropriate updates to the legislation to enable matters such as this to be addressed.

Alternative pathways for the registration of individual architects are provided by the *Mutual Recognition Act*, and the *Trans-Tasman Mutual Recognition Act* which facilitate freedom of movement of architects across Australian States and Territories and between Australia and New Zealand. A registrant who is in good standing in one jurisdiction may lodge a notice (in the form of a statutory declaration) requesting a second jurisdiction to "mutually recognise" his/her registration in the first jurisdiction.

Chairman

ARCHITECTS REGISTER – REGISTRATION STATISTICS

During 2015 / 2016 the Board considered applications and authorised the registration of 1 individual architect under the *Architects Act* and 12 under the provisions of the *Mutual Recognition Act*. Four companies lodged applications for registration; 2 were approved and registered; two had not been approved by 30 June 2016 and another, received in 2014/2015 was approved at the August 2015 meeting.

As at 30 June 2015, two hundred and six individual architects, thirty six architectural companies and one partnership were registered in the Northern Territory. Approximately 30 percent of the architects registered reside or have offices in the Territory, the balance of registrants reside interstate or overseas, but maintain registration in the Northern Territory for business reasons.

REGISTRAR

The Registrar provides administrative and research support to the Board and manages the Board's day-to-day activities including organising Board meetings and examinations, maintaining the register and communicating with registrants, prospective candidates for the architectural practice examination, other State/Territory Boards, the Architects Accreditation Council of Australia (AACA) and the Australian Institute of Architects. The Registrar has been available to the Board in a very limited capacity again this year due to demands imposed by a second Board and its clients and there is a general deterioration in the standard of support provided by the new department.

RESTRICTION ON USE OF TITLE “ARCHITECT”

Under the provisions of the *Architects Act*, use of the title “architect” and/or any description indicating that the practice of architecture is carried out in the Northern Territory, is restricted to those individuals, companies and partnerships registered in the Territory. This requirement for registration ensures that members of the public using the services of an architect have access to practitioners with the appropriate level of qualifications and experience. Persons who have academic qualifications

.....
Chairman

may practise their profession, but are not permitted to use the title unless formally registered. The Board monitors the restricted use of the title "architect".

The Board has cause from time to time to remind entities such as the NT News and various real estate agents to use care when using the title but is mostly ineffective because the legislation provides no real power to enforce the consumer protection intent of the legislation

ARCHITECTS ACCREDITATION COUNCIL OF AUSTRALIA (AACA)

The Architects Accreditation Council of Australia (AACA) is the national organisation responsible for establishing, coordinating and advocating national standards for architects in Australia and for reciprocity arrangements with overseas authorities. AACA is comprised of nominees, being the Chair and Registrar, from all State and Territory Architects' Registration Boards in Australia.

The 2015 AGM and forum were held in Sydney in late October in conjunction with a meeting of examination convenors. The Board nominees; Chairman Ross Finocchiaro, Registrar Christine West and NT Convenor David Bridgman attended. AACA fund the meeting and travel costs of all attendees.

ARCHITECTURAL PRACTICE EXAMS

Successful completion of a three part Architectural Practice Examination forms one of the criteria for registration as an architect Australia-wide. The examinations are offered twice each year under the supervision of the Architects Accreditation Council of Australia (AACA). In the Territory, exams have been offered in both Alice Springs and Darwin and are conducted by experienced local architects nominated by the Board and approved by AACA. The two experienced examiners who have conducted the examinations in Alice Springs over the last 10 years retired and are no longer located in the Town. As such, without funding to send an examiner to Alice Springs applicants are now required to make their way to Darwin or another jurisdiction to undertake the final oral examination. Three applicants sat examinations in Darwin 2015 / 2016, one of these is located in Alice Springs.

Chairman

FINANCIAL MATTERS

The Department of Business administers the Board's budget and finances and the financial statement forms a part of the Department's report. Income is derived from application and annual renewal of registration fees. All income received is paid into consolidated revenue in accordance with section 36 of the *Architects Act*. Examination fees are collected on behalf of AACA, part of the fee is required to be remitted to AACA, a portion should be paid to examiners but isn't and the balance remains as income in consolidated revenue. Expenditure on Board business reflects a small portion of the costs for the Board Chairman, Registrar and in 2015, the convenor to travel and attend the AACA Annual General Meeting. Current practice has AACA fully fund air fares, accommodation and a major proportion of meal costs of those attending the meeting and forum.

LEGISLATIVE MATTERS

The Board has maintained for some years that the *Architects Act* is overdue for review and amendment to bring it in line with current business practices. The Board would also like an anomaly that exists in the renewal timelines and publication of the Register addressed as the existing legislation results in those who have not renewed remaining on the Register at publication. The Board has for some time reiterated it would welcome the opportunity to provide input into a review and has a list of proposed amendments to assist this process.

In August 2015 Board members attended a briefing on a "Review of Building-related Occupations Licensing" on proposed changes to legislation affecting this and a number of other Boards. The Board nominated David Bridgman as member and Ross Finocchiaro as alternate to sit on the Transitional Advisory Board, each attended one of the two meetings held to date.

CURRENT REGISTRATIONS

As required by the Act, a list of each registered architect as at the end of February was published in Gazette No. R2 on 21 April 2016. See below schedule:
